The issuance of such verification by a physician, in good faith, shall not give rise to, nor shall such physician thereby incur, any liability whatsoever in damages or otherwise, to any person injured by reason of such failure to wear a safety seat belt system. Subsection A shall not apply to an operator of a motor vehicle who is a route carrier of the U.S. Postal Service.

Traffic and Vehicles

Every driver when transporting a child under four (4) years of age in a motor vehicle operated on the roadways, streets, or highways of this town shall provide for the protection of the child by properly using a child passenger restraint system or a properly secured seat belt in the rear seat of the motor vehicle. For purposes of this subsection, "child passenger restraint system" means an infant or child passenger restraint system that meets the federal standards for crash-tested restraint systems as set by the United States Department of Transportation. The warning shall advise the driver of the possible danger to children resulting from the failure to install or use a child passenger restraint system or seat belts in the motor vehicle. A person who violates the provision of this subsection shall not be subject to any criminal penalty. A violation of the provisions of this subsection shall not be admissible as evidence in any civil action or proceeding for damages. In any action brought by or on behalf of an infant for personal injuries or wrongful death sustained in a motor vehicle collision, the failure of any person to have the infant properly restrained in accordance with the provisions of this subsection shall not be used in aggravation or mitigation of damages.

D. No law enforcement officer shall make routine stops of motorists for the purpose of enforcing subsection A of this section. Any person convicted of violating subsection A of this section shall be punished by a maximum fine of Ten Dollars (\$10.00) and court costs.

No person shall drive any vehicle upon a highway at a speed greater than will permit him to bring it to a stop within the assured clear distance ahead.

B. The driver of every vehicle shall, consistent with the requirements of Subsection A, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when driving upon any narrow or winding roadway, and

when special hazard exists with respect to pedestrians or other traffic, or by reason of weather or highway conditions.

SECTION 15-221 GENERAL MAXIMUM SPEED LIMIT.

No vehicle, unless otherwise specifically authorized by this chapter or by posted signs, shall be driven at a speed greater than thirty (30) miles per hour upon any street within this town. The board of trustees may determine that certain other speed regulations shall be applicable upon specified streets or in certain areas, in which event it shall be unlawful for any person to drive a vehicle at a speed in excess of any speed so declared when signs are in place giving notice thereof.

ARTICLE C

PARKING REGULATIONS

SECTION 15-230 OBSTRUCTING TRAFFIC OR DRIVEWAYS.

No person shall park any vehicle upon a street or alley in such a manner or under such conditions as to leave available less than ten (10) feet of the width of the roadway for free movement of vehicular traffic. No person shall stop, stand or park a vehicle within a street or alley in such position as to block the driveway entrance to any abutting property.

SECTION 15-231 PARK WITHIN INDICATED SPACE.

In an area where parking spaces have been marked off on the surface of the street, a driver parking a vehicle shall park it within a parking space as thus marked off, and not on or over a line delineating a space.

SECTION 15-232 PROXIMITY TO CURB, PARALLEL PARKING.

Every vehicle stopped or parked upon a roadway shall be so stopped or parked in the direction of lawful traffic movement with the curbside wheels of the vehicle parallel to and within eighteen (18) inches of the curb or roadway edge.

SECTION 15-233 ANGLE PARKING, DESIGNATION.

The board of trustees may determine upon what streets angle parking is permitted and shall direct the marking or signing of the streets. Angle parking shall not be indicated or permitted at any place where passing traffic would thereby be caused or required to drive upon the left side of the street. Angle parking, for the purpose of this part, shall mean parking at the curb at approximately a 45-degree angle between the right side of the vehicle and the curb.

State Law Reference: Similar provisions, 47 O.S. Section 11-1004 (c).

B. No person shall park or stand a vehicle in angle parking spaces designated by markings upon the pavement unless the vehicle is positioned within the confines of

an individually marked space. The vehicle shall not be of such length, or positioned in a manner, as to protrude into the street a distance which would cause or require passing traffic to change lanes or drive on the left side of the street. (1989 Code)

15-235: PARKING PROHIBITIONS IN SPECIFIC AREAS¹:

A. Except when necessary to avoid conflict with other traffic, or in compliance with law or the directions of a police officer or official traffic control device, no person shall:

In no case shall the stop for loading and unloading of materials exceed thirty (30) minutes.
- C. The driver of a passenger vehicle may stop temporarily at a place marked as a freight curb loading zone for the purpose of, and while actually engaged in, loading or unloading passengers, when such stopping does not interfere with any motor vehicle used for the transportation of materials which is waiting to enter or about to enter the zone. (1989 Code)

15-238: **PROHIBITION AGAINST SELLING MERCHANDISE FROM PARKED VEHICLES:** It is unlawful for any person to park

any vehicle upon a street in the town and offer merchandise for sale therefrom. In addition to the penalty provided in this part, the sale of merchandise from parked vehicles on streets in the town is declared to be dangerous to traffic and to the persons congregating around the vehicle and constitutes a public nuisance. (1989 Code)

15-239: PRESUMPTION IN REFERENCE TO ILLEGAL PARKING:

- A. In any prosecution charging a violation of any law or regulation governing the standing or parking of a vehicle, proof that the particular vehicle described in the complaint was parked in violation of any law or regulation, together with proof that the defendant named in the complaint was at the time of the parking the registered owner of the vehicle, shall constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who parked or placed the vehicle at the point where, and for the time during which, the violation occurred.
- B. The presumption in subsection A of this section shall apply only when the procedure as prescribed in this chapter has been followed. (1989 Code)

- B. Authority To Restrict Parking Time:
1. The board of trustees, by resolution, may establish parking time limits, or prohibit parking, on designated streets by having appropriate signs placed thereon.
 2. When such signs are in place, no person shall park a tractor trailer in violation thereof.
- C. Enforcement And Fines:
1. Whenever any tractor trailer is found in the same position within any such designated parking space, or whenever any tractor trailer is found to be stopped, standing or parked on Main Street for a period of time longer than sixty (60) minutes, such fact shall be prima facie evidence that such tractor trailer has been so stopped, standing and parked beyond period of sixty (60) minutes, and that person who so stopped, stood or parked such tractor trailer was the person in whose name such tractor trailer is then and there registered.
 2. It shall be the duty of the personnel of the town of Hulbert, as designated by the board of trustees, to enforce the provisions of this section.
 3. The designated town personnel, finding a vehicle in violation thereof, shall place upon the vehicle an overparking citation.
 4. Each sixty (60) minutes of continued violation shall constitute a separate offense for which an overparking citation may be issued. A violation of a commercial loading zone shall be deemed to occur, and an offense committed, immediately upon the presence of a tractor trailer stopping, standing, or parking in a designated commercial loading zone except for the loading or unloading of freight.
 5. From and after the effective date hereof, each and every offense under the terms of this section shall be punishable by a fine of twenty five dollars (\$25.00), for all vehicles, except tractor trailers which will be one hundred dollars (\$100.00).

6. Payment for overparking violations issued pursuant to this section may be made on the day the overparking citation is issued by depositing the appropriate amount of the citation in an authorized overparking depository provided by the town. After the date of issuance, payment for the overparking violation may be made by depositing twenty five dollars (\$25.00) to one hundred dollars (\$100.00) for each overparking citation in such depository. Any person failing to pay for such overparking violation within five (5) days from the date of issuance shall be punished under the general penalty provisions established in this code.

7. The personnel designated by the board of trustees of the town of Hulbert to enforce this section of the code are directed to immobilize those vehicles which shall have a total of three (3) or more unpaid overparking citations. After a vehicle has three (3) or more parking citations credited to its license plate number, the owner or operator of the vehicle shall be notified that the vehicle may be immobilized by attaching a notice of the immobilization to the windshield of the automobile or by mailing a copy of the notice of the immobilization to the last known address of the owner of the vehicle. The notice of the immobilization may be made a part of the overparking citation by including language on the face of the citation in a conspicuous place which shall read as follows:

YOU ARE HEREBY NOTIFIED THAT UPON YOUR RECEIPT OF A TOTAL OF THREE (3) PARKING VIOLATIONS THIS VEHICLE SHALL BE SUBJECT TO IMMEDIATE IMMOBILIZATION OR REMOVAL AS AUTHORIZED BY THE CODES OF THE TOWN OF HULBERT, OKLAHOMA.

8. Immobilization is accomplished by installing on or attaching to such vehicle a device designed to restrict the normal movement of such vehicle or by any other means whatsoever. The device shall not be installed or attached on such vehicle unless it is parked upon any public right of way or property and a minimum of five (5) calendar days has elapsed since the mailing or windshield affixed notification referred to in the previous subsection, except as hereinafter provided.

9. When such vehicle is immobilized, the person performing such immobilization shall conspicuously affix to such vehicle a notice in writing advising the owner, driver, or person in charge of the vehicle that release from such immobilization may be obtained by contacting the person or town department responsible for the immobilization at

a designated place. Such notice shall include the name of the department or person that immobilized the vehicle and from whom release from such immobilization may be obtained and the address and telephone number of the person or town department.

10. The administrative fee for release from such immobilization and towing shall be as set by the board of trustees by motion or resolution. Such fees shall be in addition to any fines due and owing for overparking citations. Release of such vehicle shall be accomplished within one hour after having been contacted by the owner, driver, or person in charge of the vehicle, and after receipt of payment for fines and fees. 2. Left Turns On Two-Way Roadways: At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection. (1989 Code)

The making of such turns may be prohibited between certain hours of any day and permitted at other hours, in which event the same shall be plainly indicated on the signs or they may be removed when such turns are permitted.
- B. Whenever authorized signs are erected indicating that no right or left or U-turn is permitted, no driver of a vehicle shall disobey the directions of any such sign. (1989 Code)

15-252: TURNING, STOPPING SIGNALS REQUIRED²:

- A. No person shall turn a vehicle to the right or left except upon giving a signal of intention, as provided in this section, in the event any other traffic may be affected by such movement.
- B. A signal of intention to turn right or left when required shall be given continuously during not less than the last one hundred feet (100') traveled by the vehicle before turning.
- C. No person shall stop or suddenly decrease the speed of a vehicle except upon the giving of a signal of intention, as provided herein, to the driver of any vehicle immediately to the rear when there is an opportunity to give such signal. (1989 Code)

2. Upon a roadway which is divided into three (3) lanes, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the

Traffic and Vehicles

roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation; and

3. Official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction, regardless of the center of the roadway, and drivers of vehicles shall obey the directions of every such sign.

SECTION 15-312 PROCEDURES AT STOP SIGNS.

A. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection.

Traffic and Vehicles

B. After having stopped at a stop sign, the driver of a vehicle shall yield the right-of-way to any vehicle which has entered the intersection from another street or which is approaching so closely on the street as to constitute an immediate hazard, but the driver having so yielded may proceed and the drivers of all other vehicles approaching the intersection shall yield the right-of-way to the vehicle so proceeding.

The driver approaching a yield sign shall yield the right-of-way to any pedestrian legally crossing the roadway on which he is driving, and to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard. The driver having so yielded may proceed and the drivers of all other vehicles approaching the intersection shall yield to the vehicle so proceeding, provided, however, that if such driver is involved in a collision with a pedestrian in a crosswalk or vehicle in the intersection after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of his failure to yield right-of-way.
